February 3, 2011

You and your family are invited to an important meeting where I plan to inform you of program changes that will be introduced for students who are identified with moderate to severe disabilities. This meeting will occur on February 9, 2011 at 6:30 pm in the staff lounge at the Alta Loma High School Campus.

Although the majority of information will be provided to you in person, I want to let you know in advance that our plan for the 2011-2012 school year is to consolidate the SH programs, much like what was done at Chaffey High School approximately five years ago. The Chaffey program model is designed to better serve the academic, vocational, and social needs of students with moderate to severe disabilities.

As Director of Special Education for the Chaffey Joint Union High School District, I am excited, optimistic, and committed to seeing that the transition is well planned and carefully executed to ensure students, staff, and parents are informed and involved in the process. If you have any questions at this time, you are welcome to contact me. I can be reached daily at 988-8511 ext. 2610. I look forward to meeting you in person on February 9, 2011.

Sincerely,

Kelly Whelan  
Director of Special Education  
Chaffey Joint Union High School District

## PARENT SURVEY

Name (optional) \_\_\_\_\_

Current School \_\_\_\_\_

I was present at the February 9, 2011 meeting    \_\_\_ yes    \_\_\_ no

At Wednesday's planning meeting, the Administration presented a plan to consolidate moderate to severe programs on the Alta Loma campus. As stated during the meeting, your responses and immediate return of the questions below will help influence and guide any future moderate to severe program changes. At this time, there will be no involuntary changes imposed for the 2011-2012 school year.

**Please return the survey no later than Wednesday, February 23<sup>rd</sup>.**

1. State exactly what academic, social and behavioral elements you are currently experiencing that you fear may not exist if the moderate/severe program is moved to Alta Loma?
2. What is your most serious concern about moving to a new campus?
3. Explain how your current program supports the positive growth of your student.
4. What recommendations would you make to the Administration in planning for future program changes?
